

DECLARATION OF EMERGENCY

Department of Children and Family Services Division of Programs Licensing Section

Emergency Preparedness and Evacuation Planning (LAC 67:III.7312, 7327, 7328, 7365, 7373, 7378)

The Department of Children and Family Services (DCFS), Division of Programs, Licensing Section has exercised the emergency provision of the Administrative Procedure Act, R.S. 49:953(B) to amend LAC 67: III, Subpart 21, Chapter 73 Day Care Centers, Subchapter A, Licensing Class “A” Regulations for Child Care Centers and Subchapter B, Licensing Class “B” Regulations for Child Care Centers. This declaration is necessary to extend the original emergency rule adopted on October 6, 2011, and effective December 1, 2011, since it is effective for a maximum of 120 days and will expire on February 2, 2012, before the final rule takes effect.

In order to protect children in child care facilities licensed by DCFS, Section 7328 is being added to Chapter 73, Subchapter A, and Section 7378 to Subchapter B as emergency preparedness and evacuation planning regulations. These regulations will provide specific standards for written multi-hazard plans for child care providers which include shelter in place, lock down situations, and evacuations with regard to natural disasters, man-made disasters, and attacks while children are in care. Sections 7312, 7327, 7365, and 7373, are being amended to remove references to emergency procedures as they will be addressed in the above added sections.

Emergency action is necessary to prevent a threat to the health, safety, and welfare of children in licensed care in the event of any emergency. A lack of specific standards concerning written emergency procedures could allow facilities to go without establishing and following a written emergency and evacuation plan. This could pose a substantial risk should a disaster or attack occur while children are in licensed out of home care.
